Aladdin **BOT**

AutoBot

Built upon our base model and consistently modified. AutoBot executes more trading commands and hold positions for longer periods resulting in a higher yield, offering a revenue projection of 2% daily.

Stake Range: **\$2,000 - \$7,999**

Revenue projection: **Potential maximum revenue 2.0% DAILY (7 days a week)**

Withdrawals: **Daily**

Weekly revenue projection: **14%**

Revenue sharing: **Daily (Every 24 hours)**

Principal unstaking: **Anytime**

LiquidityBot

LiquidityBot is a fully-featured, AI-enhanced new pair / trade alert utility. It is capable of detecting new ETH launches, filtering through the bad, and sniffing out the most bullish charts. It is our most advanced bot on the market, enhanced with AI and our own logic, offering a revenue projection of 2.5% daily.

Stake Range: **\$8,000 - Unlimited**

Revenue projection: **Potential maximum revenue 2.5% DAILY (7 days a week)**

Withdrawals: **Daily**

Weekly revenue projection: **17.5%**

Revenue sharing: **Daily (Every 24 hours)**

Principal unstaking: **Anytime**

Users can withdraw revenue generated from activating our bot services daily and without fees.

Daily revenue from our system can fluctuate, especially during market downturns, and we do not assure specific profits due to our dynamic system. You have the potential to earn between 1.5% and 2.5% daily by using our Bot Service.
